- Agile- Large Company Reach with strong flexibility

We deliver the best in class services to Federal Government agencies across the globe, providing a greater selection of solutions and services to meet their unique needs and demanding requirements.

## SAMPLE CLIENT LIST

### WolfTek is a SBA Certified 8(a), Tribally Owned Company.

Our 8(a) status provides a number of advantages and opportunities, including:

- Government can “sole source” contracts to a single 8(a), allowing for awards with no competition, no advertisement and no protest
- Absence of Sole Source Dollar Threshold Level (Federal Regulations e-CFR 41 U.s.c. 431(a). Part 124 Subpart A, 8(a))
- No requirement that a procurement must be competed whenever possible before it can be accepted on a sole source basis for a tribally owned concern.
- \$150M Sole Source Limit w/o J&A for DoD, GSA and NASA (Was previously capped at \$100M)

# ABOUT THE SBA 8(A) BUSINESS DEVELOPMENT PROGRAM

Section 8(a) of the Small Business Act, 15 USC. § 637, provides assistance and business development opportunities for socially and economically disadvantaged small businesses. Notably, the 8(a) Business Development (BD) Program helps these businesses compete in the marketplace and access federal and private procurement markets that would likely be unavailable to them otherwise. Specific benefits provided to both government procurement officials, as well as the small business itself (NVE) includes:

- Streamlined, efficient procurement process through direct-award contracts
- Ability to leverage the experience and manpower of larger businesses by utilizing the 8(a) Mentor-Protégé joint venture, subcontracting portions of the contract to large businesses, or awards to entity-owned firms, which often have reach-back to corporate family resources, support, and stability of larger and more experienced businesses
- Aid to socially and economically disadvantaged peoples, bringing benefits to entire communities.

## THE PROCUREMENT BENEFITS OF WORKING WITH AN SBA 8(A) ENTITY

The SBA 8(a) Program was designed to help socially and economically disadvantaged small businesses, like WolfTek, compete in the marketplace and access federal and private procurement markets that would likely be unavailable to them otherwise.

The SBA 8(a) Program also provides procurement advantages to Federal agencies which include:

- **For DOD entities, direct award contract thresholds are increased to \$150M without justification and \$25M to Non-DOD entities as signed in the 2025 NDAA.**

Direct contracts may be awarded for any amount above the \$150M threshold through the simplified Justification & Authorization process.\*\* [\*FAR 19.808-1(a), \*\*FAR 6.302-5(b)(4)] & \$25M for Civilian Agencies.

See Federal Register notice here:

<https://www.federalregister.gov/documents/2024/11/29/2024-27851/federal-acquisition-regulation-inflation-adjustment-of-acquisition-related-thresholds>

- **Any direct award contract awarded to an 8(a) entity is non-prottestable.**

The eligibility of a Participant for a direct award or competitive 8(a) requirement may not be challenged by another Participant or any other party, either to SBA or any administrative forum as part of a bid or other contract protest. [13 CFR 124.517(a)]

## THE STEPS TO A DIRECT AWARD CONTRACT

The process for establishing a direct award contract with WolfTek has been streamlined with the help of the SBA. These contracts, which can be requirements based single award, Blanket Purchase/Blanket Ordering Agreements (BPA/BOA), or Indefinite Delivery, Indefinite Quantity (IDIQ), offer incredible flexibility and agility to our clients – meeting both near and long-term acquisition and requirements needs.
