

OPS TECH ALLIANCE

BRIDGING THE GAP
BETWEEN OPERATIONS AND TECHNOLOGY
OPS-TECH-ALLIANCE.COM

OUR STANDARD OUT-PERFORM

Ops Tech Alliance (OTA) was founded by former National Security and Special Operations professionals with over 100 years of combined experience, and was formed with a singular focus: bridging the gap between operations and technology, ensuring not only mission success but also business resilience in an unpredictable digital landscape.

PARTNER WITH THE BEST TO ENSURE YOUR SECURITY

In an age where threats aren't confined to the physical realm and lurk in the digital shadows, OTA is your shield and guide. Let's collaborate to ensure your organization and personnel remain resilient, agile, and ahead of potential threats.

WHY OTA?

- **Experience:** Our team of former Special Operations professionals have demonstrated their expertise on both tactical and national levels. Their experiences fuel OTA's proactive approach, keeping us ahead in the dynamic realm of cybersecurity.
- **Comprehensive Solutions:** From cybersecurity to tailored technical and professional development training, our range of services ensures that your organization is fortified against evolving threats.
- **Trusted by the Best:** OTA trains the National Security Agency and other Intelligence Community agencies, United States Special Operations Command and operators from every branch of the Department of Defense, and the Department of Homeland Security.

WHAT OUR CLIENTS SAY ABOUT US

"OTA takes a hands-on approach with every aspect of their contract to the Government's benefit."

"OTA's staff takes a proactive approach in the execution of their contract and satisfying their customers' needs."

"OTA is a solid Small Business with a caring attitude that is always striving to provide customer service that goes above and beyond expectations."

OUR SERVICES

Our company is led by former Special Operations professionals with proven experience at the tactical and national levels. They are the driving force behind OTA's proactive culture and laser focus support to our National Security Operations.

SERVICES AND PRODUCTS

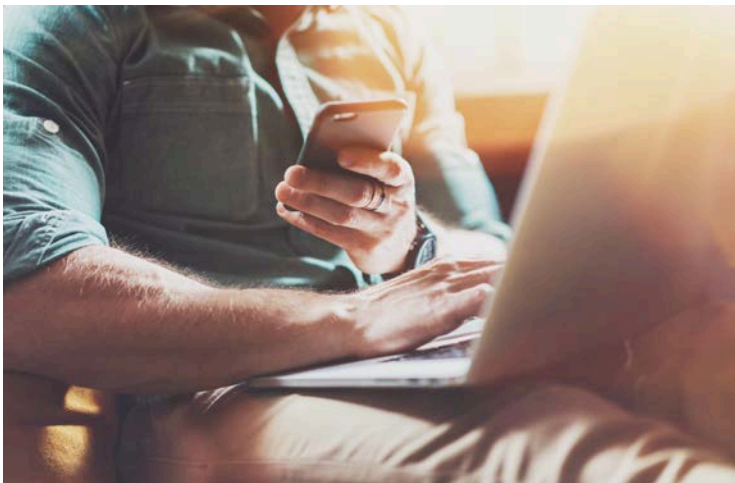

PROFESSIONAL SERVICES AND TRAINING SUPPORT

OTA offers customized training and professional services tailored to fit your organization's unique needs. Whether it's Electronic Signature Reduction to protect data or personal travel security, our services are designed to provide holistic protection. Our suite includes:

Specialized Training: Cyber operations, counterintelligence skills, and special operations tradecraft.

Scenario-based Training: Realistic exercise support and role player services to prepare your team for real-world challenges.

Consulting: Leverage our team's knowledge and experience in both personal and organizational cybersecurity, ensuring your strategies are informed by the best in the industry.

CYBERSECURITY AND INFORMATION TECHNOLOGY SERVICES AND SOLUTIONS

We provide specialized end-to-end cybersecurity and IT solutions:

Secure Internet: Our infrastructure safeguards your data against cyber threats by ensuring all of your online traffic is encrypted and nonattributable.

Privacy Focus: With managed attribution services and cascading tunnel technology, we ensure the utmost privacy and security.

Hardened Devices: Secure internet browsing solutions and hardened mobile devices for both iOS and Android platforms.

IT Infrastructure: Our experts can help design and implement robust, secure IT systems tailored for your business.
