EXECUTIVE SUMMARY

ZNTH, Inc. dba Zenith Construction is an SBA 8(a) certified, full service General Contractor with over 16 years' experience. From start to finish, Zenith is dedicated to the concept of total project management. This is based on complete planning, scheduling, cost control, and closely monitored design and construction. Regardless of the project type or budget, every detail gets the attention it deserves. We take pride in being a hands-on contractor. Our personal approach, which ensures our attention to every detail of a project, is supported by a wealth of experience that allows us to deliver quality work, on time and within a budget.

CORE COMPETENCIES

Zenith Construction possesses the necessary tools, equipment, work force, and expertise to carry on a wide variety of trades.

PAST PERFORMANCE

Contracted to perform various trades for the following clients:

- **NAVFAC SW:** electrical upgrades to a 3D print lab. Installed new transformer, installed new panel, ran power to all 3D printers.
- **FAA:** repaired the main sewer line at ZLA Palmdale/ZOA Oakland by using the CIPP method (Cured in Place Plastic/Epoxy liner).
- **USDA Forest Department:** remodeled Ramona Heli-Tack Warehouse (new standing seam roof, new metal siding, new windows, framed new wall to install roll-up door). Also, re-roofed (2) other buildings for USDA Forest.
- **FAA:** replaced main sewer lift station ejector pumps at ZLA Palmdale. Major electrical and plumbing work involved with entire project.
