

## COMPANY OVERVIEW

Definitive Innovative Solutions LLC (DIS) is an 8(a) certified, minority-owned small business headquartered in Herndon, VA. Established in 2017, we have been providing innovative solutions to U.S. government clients supporting a range of missions from national security to veterans administration. DIS offers a wide range of advanced Engineering, Cyber Security Services, Software Development, and Cloud/Virtualization Engineering. Over the years, we have honed our skills supporting DARPA, DISA, FCC, DDESB, and other government agencies in developing custom components that strategically and tactically enhance business operations.

DIS has a joint venture with SecuriGence called DSSG, LLC, as well as a Mentor-Protege called ByteForge Innovations.
