CORPORATE OVERVIEW

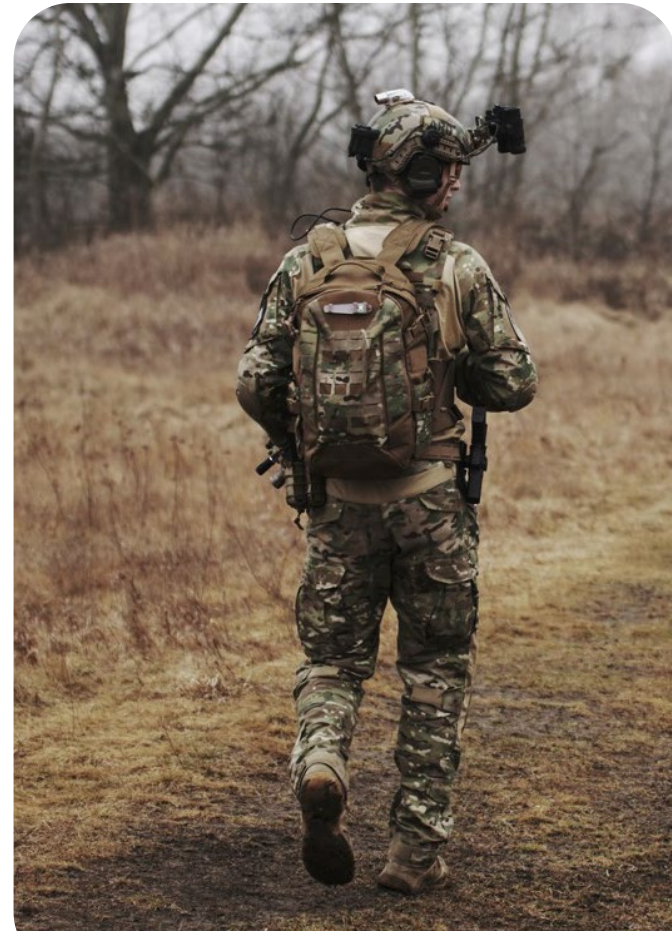

- Founded in 2006, Advanced Technology Leaders, Inc. (ATL) is an...
 - SBA 8(a) Certified Small Business,
 - Economically Disadvantaged Woman Owned Small Business (EDWOSB / WOSB),
 - Service-Disabled Veteran Owned Small Business (SDVOSB / VOSB), and Small Disadvantaged Business (SDB).
- Headquartered in Martinez, GA, outside the gates of Fort Gordon and the Cyber Center of Excellence (CCoE). Cyber, Signal, and Electronic Warfare (EW) **Training Support Services (TSS)** are the cornerstones of ATL's organizational heritage.
- This expertise is complimented by our **Capability** and **Doctrine Development** services across the Doctrine, Organization, Training, Materiel, Leadership, Education, Personnel, Facilities and Policy (DOTMLPF-P) spectrum, along with our **Information Technology (IT)**, **Software Development**, and **Experimentation** services

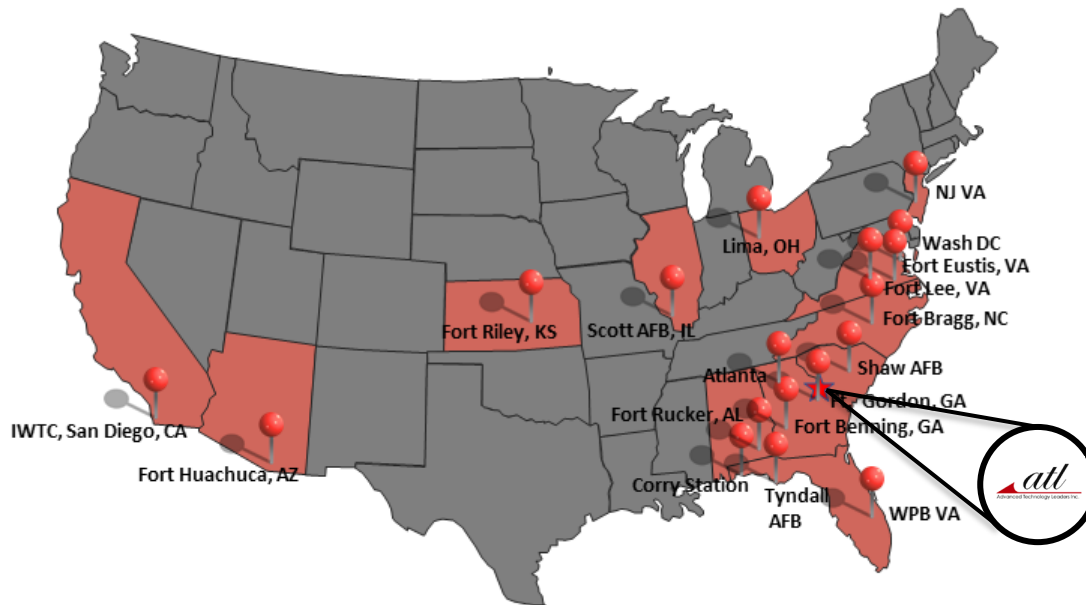

ATL EMPLOYEES

- ✓ ATL's leaders and employees are predominantly Veteran Noncommissioned Officers (NCOs), Warrant Officers (WO), and Officers from across the services.
- ✓ We know what right looks like, and we focus on creating a 'win-win' environment for our customers, the company, and our employees.

Together, our experience comprises over 100+ combined years of training and technical expertise, contract program management, leadership, and military service.

ATL HEADQUARTERS AND SATELLITE LOCATIONS

- ✓ Our headquarters is based in Martinez, GA, just minutes from Fort Gordon and the Cyber Center of Excellence (CCoE).
- ✓ We have corporate satellite offices in Columbus, GA and Pensacola, FL
- ✓ ATL manages over 250+ employees in more than ten states.
- ✓ We proudly support over 30 prime contracts and 10 subcontracts across all U.S. Services and other DoD agencies, including travel to OCONUS locations.

Expertise – Value Added – 1st Class Service

★ DEMONSTRATED CUSTOMER SUCCESS

“Excellent company to work with day to day. Very attentive to the needs of the customer. Intelligent and aware of customer requirements. Understands the mission of the contracts it bids for, and from the management perspective this is key to finding the correct people to fill work roles.”

- CPARS, C-CDID Doctrine Contract

“The mixture of contract personnel selected by ATL to provide services has been remarkable. ATL understands the importance of what the EW and Cyber School is trying to accomplish has drawn in top tier personnel to fill critical roles in curriculum development and instruction. This has dramatically changed the quality of courseware and level of instruction as well.”

- CPARS, US Army Electronic Warfare College

“The ATL management team has maintained constant communication with the government throughout the life of this contract, has managed their personnel in a very efficient and effective manner, and is very focused on the mission accomplishment. ATL’s instructors are very professional in the execution of their duties.”

- CPARS, CCoE G-3/5/7 FSDB Branch Contract

“ATL is a truly professional organization. The management team remains highly responsive and focused on continued delivery of high-quality, professional services. It continues to be a pleasure working with ATL. From the management providing exceptional reports for ease of tracking status, to the SMEs that provide exceptional support for the USN.”

- CPARS, US Navy CIWT Contract
