

Design-Build Mine Safety & Health Administration (MSHA) Pool Repair

SIGNIFICANT BONDING CAPACITY

About Aleut

Aleut Construction LLC (Aleut) is a U.S. Small Business Administration (SBA) certified 8(a) program participant and Small Disadvantaged Business. Our core competencies include design-build and design-bid-build solutions in traditional and specialty construction services ranging from security and facility upgrades to the renovation and restoration of major facilities. Aleut Construction LLC is a wholly owned subsidiary of Aleut Federal LLC, a holding company for federal subsidiaries of The Aleut Corporation.

CAGE: 7QHU9
 UEI: DUFMB3P6RGB9
 EMR: 0.64
 NAICS: 236220, Commercial and Institutional Building Construction

Small business agility,
 with the stability of a
 large corporation.

The Aleut Corporation

Aleut Federal LLC, is The Aleut Corporation's entity for managing federal services. The Aleut Corporation was one of 12 Alaska Native corporations established under the Alaska Native Claims Settlement Act (ANCSA), passed by the U.S. Congress in 1971. Aleut Federal offers a portfolio of subsidiaries that are Small Business Administration certified 8(a) program participants, Small Disadvantaged, and Small Business. Aleut Federal is diversified into four main service groups: Technology, Mission Support, Environmental, and Construction.

Capabilities

- ✓ **DESIGN-BUILD**
 We leverage the synergy of design-build to deliver exceptional customer experiences on time, and on budget. Aleut offers a broad range of in-house trades, constructability analysis, and construction management capabilities. In tandem with our engineering, architectural, and specialized subcontracting partners.
- ✓ **DESIGN-BID-BUILD**
 Aleut promotes diligence and teamwork, thus avoiding common pitfalls of the DBB process. Decades of experience inform our approach to estimating both competitively and realistically.
- ✓ **VERTICAL CONSTRUCTION**
 Aleut provides new construction, improvement, and renovation services for vertical construction projects worldwide. We maintain a highly qualified workforce, optimizing self-performance opportunities, and encouraging cohesion to meet a variety of institutional functionalities.
- ✓ **HEAVY CIVIL INFRASTRUCTURE SERVICES**
 Aleut provides all elements of civil infrastructure projects including water and wastewater systems, sewers, levees, dikes, underground utilities and more.
- ✓ **SUSTAINMENT, RESTORATION & MODERNIZATION**
 From minor inspections to large-scale replacement of facility components, Aleut works to find solutions that reduce aggregate cost and increase functionality.
- ✓ **DEMOLITION**
 Aleut provides extensive experience in building decontamination, dismantlement, and demolition to include facilities contaminated with hazardous or radiological contaminants and unexploded ordinance.
