Capabilities

Ghostrock Systems Development, LLC, an 8(a) Certified, Alaska Native Corporation and Small Disadvantaged Business, is a subsidiary of Three Saints Bay, LLC, owned by Old Harbor Native Corporation. Delivering high-quality full-range support, Ghostrock specializes in providing Technical and Administrative Acquisition Program Management for U.S. Government entities. In direct support of U.S. Navy fleet operations, Ghostrock IT professionals and technicians perform critical technical assistance visits and assessments for shipboard C4I and Combat Systems. Ghostrock provides methodical and extensive project planning, execution, and project & program management specifically for the U.S. Navy and U.S. Coast Guard.
