## 3 SQUARED TECHNOLOGY

We are a **SBA 8(a) certified, GSA 8a STARS III Prime, Service-Disabled Veteran Owned, Minority Owned Small Business**. Asim J. Walker is President/Chief Executive Officer. Mr. Walker's career spans more than 26 years in the industry, including 20 years Active Duty in the United States Air Force as a Cyber Space Communications Operator, Program Manager, Project Manager, Quality Assurance Manager, and Information Systems Security Manager.

Through a vigorous and dedicated effort, we have earned a high degree of confidence and trust from our Government Partner/Stakeholders. Our technical knowledge and understanding are much more than academics. The Government benchmarked performance ratings of our projects are at "Exceptional" levels. These ratings establish an irrefutable performance capability and Substantial Confidence level that is only accomplished through experience by a disciplined and determined commitment to quality standards.

By this commitment to quality, **3 SQUARED** has emplace the operational and quality standards of CMMI, ISO 9001 2015, Information Technology Infrastructure Library (ITIL), Agile Solutions, and Project Management Body of Knowledge (PMBOK) principles, along with 6 Sigma Lean certifications. We have constructed an incredible foundation for the successful delivery of top quality, second-to-none information technology services.

**How To:** Becoming a 3 Squared partner is a simple process. Presently there are three prominent IDIQ contract vehicles from which you can choose to satisfy both long-and-short term requirements:

**GSA 8a STARS III – Prime:** \$50 Billion IDIQ, "Best in Class" contract designed specifically to provide all DoD, Federal, and Civilian agencies with an efficient flexible way to order worldwide IT services, solutions and ancillary support

**SBEAS:** The SBEAS IDIQ contracts are the preferred source of obtaining IT applications services and solutions for the Business and Enterprise Systems (BES)..

**ITES-3S:** \$12 billion (IDIQ) structured for the U.S. Army, Department of Defense (DoD) and all other federal agencies to acquire reasonably priced, enterprise-level commercial IT services and solutions.
