

Who We Are

Hard Light Consulting Group (HLCG) is a minority-owned HUBZone Certified small disadvantaged business (SDB) headquartered in the Washington, DC area. At HLCG, we have earned a strong reputation for understanding the critical needs of our commercial and government clients.

As a Small Business Administration 8(a) and HUBZone Certified SDB, we work directly with agencies or through prime contractors to provide our services and solutions.

Our staff's flexibility and expertise allow us to work seamlessly with our clients' teams, partner with other federal contractors, or work individually as needed to support the clients' needs.

Certifications

HLCG has successfully acquired a number of Government Certifications that afford procurement specialist ease of access to the Company's service offerings. Our Certifications include:

General Contracting Services

- Design/Build Services (self-performing);
- Cost monitoring and control;
- Schedule development and control;
- Subcontractor management;
- Safety assurance;
- Field engineering and site management
- Project accounting;
- Shop drawings and material submittal review;
- Change management; and,
- Quality control.

ISO 9001 Certified

We use quality to deliver on every aspect of our Construction Practices from swinging hammers to general labor in carpentry and masonry:

- Quality is baked into HLCG's construction Services;
- Labor Oriented; and,
- Lengthy Design, Build and A/E Experience.
