1

**Financial Management**

2

**Training Support Services**

3

**Change Management**

4

**Program & Process Management**

5

**Financial Procurement Support**

6

**Security Management**

# DHS Customs and Border Protection

Purchase Card and Procurement Management (Indianapolis and Washington D.C.)

## The Work

- Credit card purchases by Agents and Authorized Purchasers
- Bank System Access and Account Management
- Audit Support, Training, Service Desk Support
- Procurement and Contract Closeout Support

## The Impact

- Ability for Border Agents to buy food, water, blankets, medicine, hotel costs
- Supplies and facility operations for 314 ports of entry and detainee facilities
- Recoup funds that were incorrectly charged
- Recoup funds on contracts that ended for fiscal resiliency

# U.S. Army

Medcom Brooke Army Medical Center (BAMC) (San Antonio, TX)

## The Work

- Security Systems Management
- Virtual IT Support for eight security programs
- Identity Access Management Mapping
- HSPD-12 and Background Investigation

## The Impact

- Keep out bad actors from BAMC systems and facility
- Facilitate Soldier Readiness
- Access management for military, civilians, and all medical personnel
- Keep the hospital safe and operational

# USDA Food & Nutrition Services

MEMS Next Gen (Washington D.C.)

## The Work

- Lead Agile management of training program for Management Evaluation Management System
- Stakeholder engagement, training development, project management, integration support, end user transition
- Content Management and training on MEMS Next Gen modernization
- Develop training materials, courses, on/off boarding, and end user manuals

## The Impact

- Increasing access to nutritious and safe food for eligible people
- End hunger and obesity through 15 federal nutrition assistance programs
- Ensuring access to nutritious food while helping to pave a pathway to long-term success
- Helping to reduce the food insecurity with children that experience low food security

# What We Do:

## Digital Management & Integration

In an ever-evolving digital era, our solutions create value by achieving effective and scalable mission objectives for decision makers and public consumers in the following technical areas:

1

Systems Engineering

2

Portal/ Web Development

3

Mainframe O&M

4

Agile Development/  
DevOps

5

Cloud Development

6

Systems Integration

# Housing and Urban Development

HIHRTS Database and Help Desk Support | MFEUSS Help Desk

## The Work

HUD Integrated Human Resources and Training System (HIHRTS)

- Provide Tier I and Tier II help desk support, project management, and operational maintenance for HUD's Integrated Human Resources and Training System (HIHRTS) Database (DataStore)
- Manage the HIHRTS system, also known as HR Connect, for processing personnel actions

Multifamily End Users Support Services (MFEUSS)

- Provide Tier 1-3 IT assistance for Multifamily End Users Support Services (MFEUSS)
- Deliver customer support, troubleshooting, and technical analysis

## The Impact

- Ensure efficient operation of HUD's human capital systems for approximately 8,000 employees
- Enable HUD to maintain accurate and timely processing of personnel actions, from recruitment to separation
- Help modernize policies and processes under the Office of the Chief Information Officer (OCIO) and increase the operational effectiveness of HUD's IT systems
- Efficient help desk services quickly resolve support tickets, minimizing disruptions to HR operations

# HHS Center For Medicare and Medicaid

Health Insurance Oversight System (HIOS) (Baltimore, MD)

## The Work

- Intake of health insurance plans for Affordable Care Act (ACA) from over 7,000 issuers
- Integration of 18 different systems
- Cloud migration and agile development with security integration
- Support +22,085 active users, data from over 6,090 issuers and more than 11,064 Plan Identifiers

## The Impact

- \$330 million in refunds for 6.8M consumers
- Data collection and analytics for Congress: No Surprise Act and Air Ambulance
- Prescription Drug Pricing collection and analytics impacting federal laws
- Full migration of all 18 systems to the federal cloud in four years

# Defense Contract Management Agency

Mechanization of Contract Administration Services (MOCAS) (Columbus, OH)

## The Work

- Coordinate with DISA on hosting, planning, and incident/asset management
- Subject Matter Expert (SME) for targeted eCommerce SDLC to 8+ Divisions and DoD Components (DCMA-DFAS)
- Market adoption of SDLC framework for Release Management, Execution, and Test Readiness Reviews
- Design services to integrate with external systems: Electronic Document for (DLA) (WAWF), SAM, and DFAS orgs

## The Impact

- Warfighter support: If payments stop, supplies stop being developed, built and shipped
- Responding to more than 500,000 data requests each month, relative to the \$1.2Trillion worth of contract invoice payments per year
- Maintain and document a system from 1950's ready for modernization

# U.S. ARMY

U.S. ARMY Cadet Command G6 (Ft. Knox, KY and regions)

## The Work

- Provide Command, Control, Communications, Computers, and Information Management (C4IM) support services to the Cadet Command Knowledge Management support capabilities
- Support ARMY, TRADOC, USACC, CC G6
- IT Asset management, Information Assurance, Training Facilitation, Network Access/Management, Logistics, Cybersecurity
- Strategic Planning for all IT operations and modernization plans

## The Impact

- IT Operation for 30,000 SROTC Cadets at 975 Universities
- 304,000 JROTC Cadets at 1,709 High Schools
- Successful Network and Asset Management for Cadet Summer Training (CST) 10,000 Cadets in 100 days
- AV leads for Commander Assessment Program (CAP) and Battalion Command Assessment Program

# SOOP

U.S. ARMY Human Resources Command (HRC) (Ft. Knox, KY)

## The Work

- Leading the modernization of systems (front end and backend) for HRC US Army Training and Doctrine Command (TRADOC), US Army Recruiting Command (USAREC), US Army Cadet Command (USACC), and the National Guard Bureau (NGB).
- Providing software development, database administration, and support for designated Commercial Off-The-Shelf (COTS) and Government Off-The-Shelf (GOTS) solutions.
- Administration support, customer support, casualty and mortuary affairs support, evaluations, and selections and promotions.

## The Impact

- Implementation of Agile processes means systems can be more rapidly modernized, keeping pace with technological process and staying ahead of cybersecurity threats.
- Streamlining processes and systems interoperability to keep HRC a world-class talent management and leads modernized human resources and data systems.
- Building better font end system for retiring service members and families to transition smoothly and safely back to civilian life.

# Department of Justice

U.S. Attorneys Office (USAO), New York, NY

## The Work

- Technical architecture for courtroom(s), including video projectors, televisions, flat-screen monitors, laptops, and other secure communication for trials, hearing and press conferences.
- Equipment, network, and laptop refresh to support changing technical protocols for USAO.
- Liaison between US Southern District and Eastern District of NY and telephony companies.
- Help desk support for office(s) technical operations and telecommunications.

## The Impact

- Migration and monitoring of secure eVoIP systems for secure communications of US attorneys.
- 24/7 on call support to US District Attorney Generals for rapid internal communications issue resolution.
- Successful on-call secure systems communication set-up for public briefings
- Continuity of Operations (CONOPS) technical documentation to avoid single point of failure.
