OUTSOURCING MANAGEMENT

Quality Compliance & Management, Inc., (QCM) provides a broad spectrum of technical and compliance services to help organizations translate their strategic objectives into quality-based initiatives and solutions that measurably improve performance.

Our compliance experts are knowledgeable in the areas of healthcare, drug development, human resources, engineering, and financial management. We work with your team to develop and implement quality management programs to ensure compliance with regulatory or certification standards. We also provide qualified auditors and trainers to help you maintain compliance levels and train your internal team.

With our processes in place and on-call availability, our clients know with confidence that their compliance programs are comprehensive and current.

Minimize Risks, Increase Opportunities, and Protect Your Business

Achieve compliance through these custom solutions:

- ✓ **Quality management support**
- ✓ **Compliance assessments**
- ✓ **Auditor training**
- ✓ **Validation support**
- ✓ **Laboratory operation and management**
- ✓ **Outsourcing management**
- ✓ **Continuous Improvement/Quality Management (ISO 9000, AS9100, GMP, GLP, etc.)**

QCM solutions are designed to simplify the process and reduce the time you spend filling out forms, reviewing documents, and worrying about compliance. Focus on the things that really matter—helping your clients and increasing the revenues of your organization.

How Will Our Compliance Services Help Your Organization?

- ✓ **Pass any future compliance audit**
- ✓ **Remain up to date with new policies**
- ✓ **Minimize exposure to liability**
- ✓ **Improve efficiencies in your operations and enhance service quality**

QCM's proven capabilities will deliver effective compliance solutions to ensure success for your organization.
