

Capability Statement

About

W.C. Drilling, Inc., DBA West Coast Drilling, is a California based, Native American & Woman Owned, union, foundation specialty contractor. Since its inception in 1975, West Coast Drilling has actively pursued the most advanced technologies and equipment in the drilling industry. With a Class A General Engineering license, an immaculate safety record, highly experienced personnel, West Coast Drilling has a hard-earned reputation for completing projects safely, on time, and on budget. WCD has a comprehensive fleet of modern drilling equipment, including limited access, low overhead, long reach, portable, track-mounted drill rigs and tieback rigs.
